Dear President Clinton:

First let me congratulate you on your peace efforts throughout the world. I have interest in Ireland as the son of immigrant parents. I have a grave concern of what has been going on in that troubled land for years.

As the President of the Massachusetts AFL/CIO and a supporter of your Administration, I urge you to double your efforts for the cause of peace. We have seen the British Government dragging their feet and have watched the peace talks being stalled. We hope and pray they do not break down and the cease fire will end.

We hope as you get ready to travel to the Emerald Isle that your Administration sees that a formula is found to end the discouraging statement and a date is set for talks that can lead to political progress and a just and lasting peace.

Sincerely,

Joseph C. Faherty
President
