Kosovar Albanians from taking advantage of an air campaign. The strategy should address requests from frontline states for NATO assurances and assistance with refugee flows. State should continue high-level contacts with the Montenegrin leadership; Macedonia, Albania and other frontline states; Kosovar Albanians and Republika Srpska officials. (Action: State) (S)

- The Congressional leadership should be informed of the beginning of the air campaign prior to any action on the ground. These calls should be followed by calls to the Chairs of the relevant committees. (Action: All) (S)
- Messages from the President should be prepared for transmission to the leaders of the front-line states, NATO allies with whom he has not spoken recently, Prime Minister Persson, President Kuchma, Prime Minister Obuchi and President Jiang. (Action: NSC) (S)
- USUN should work with other NATO members on the Security Council on a strategy to address calls by Russia or China for UNSC action. (Action: USUN) (S)
- The warning to Milosevic on the consequences of attacking NATO forces should be conveyed publicly to bolster State's direct approach to Belgrade. (Action: State) (U)
- NATO should develop an active press strategy for briefing on air operations. This will properly shift the focus from national press efforts to the fact that the air campaign is an Alliance action. (Action: USNATO) (U)
- State and USIA should explore the Hungarian offer to use its radio stations for broadcasting into the FRY and other opportunities to convey messages directly to the Serbian people. (Action: State/USIA) (S)

- The USG should not propose a resolution to counter the draft UN Security Council resolution on Kosovo being proposed by Russia. (Action: State, USUN) (C)
- In reassuring front-line states, the USG should avoid any implication that NATO is providing automatic across-the-board security guarantees. Rather, we should make clear that the USG would view an attack on Macedonia with great seriousness (but without prejudging our response). (Action: State) (C)
- The EXCOMM should examine options for providing humanitarian relief to ethnic Albanian refugees. (Action: NSC, State) (C)

Summary of Conclusions

It was agreed that:

- The USG should produce a short, unclassified summary of Serbian violence and atrocities prior to the start of NATO air operations. (Action: NSC) (U)
- Deputy Secretary Talbott should lead an inter-agency team to the front-line states to provide reassurance and announce additional economic assistance. (Action: State) (U)
- In its public line, the USG should stress that NATO is united, is imposing a price on Milosevic for the atrocities he is committing, and is diminishing his capacity to conduct offensive operations. (Action: All) (U)

Summary of Conclusions

It was agreed that:

- State/AID will communicate (secure) with Embassy Tirana and the DART team on whether we need to explore options for providing food into Kosovo and, if so, what those options should be. (Action: State/AID) (S)
- State will prepare and distribute daily reports on numbers and donor coordination, and make them available before daily SVTS. (Action: State) (C)
- JCS will request views of EUCOM on the role of the military if the refugee numbers increase well beyond UNHCR's capacity and, in particular, on the relative merits of national responses vs. a NATO response. (Action: JCS) (S)
- JCS will receive and brief on April 2 EUCOM response to planning order. (Action: JCS) (C)
- Agencies will inform NSC of any Hill or public briefings on humanitarian issues. (Action: All) (C)
- NSC will inform interagency of planning for press briefing on Friday, April 2. (Action: NSC) (C)
- Pending Deputies approval, we should promote the need for transparency on humanitarian aid shipments, and should urge UN inspections of Russian shipments. If such arrangements are not possible, we should seek to ensure some kind of inspection. (Action: USUN) (S)
- Pending Deputies approval, our position is that the needs of all refugees and displaced should be addressed. In principle, we would support provision of humanitarian assistance through recognized international humanitarian organizations to displaced Serb civilians, provided we could ensure that relief supplies were not diverted. (Action: All) (S)

- The USG should ensure that NATO, in the event of a VJ attack on Montenegro, is prepared to:
 - utilize targeting data provided by the Montenegrins;
 - implement a no-fly zone over Montenegro;
 - keep the FRY navy in port;
 - strike key choke points that would be used by VJ units deploying into Montenegro. (Action: JCS, State) (S)

EO 13526 1.4c

- The USG should make clear to the FRY that the three U.S. servicemen seized by Serb forces should be entitled to the protection afforded to prisoners of war. (Action: State, DOD) (U)
- State should ask Secretary General Solana to contact Italian Foreign Minister Dini to secure his assent to expanded targeting. (Action: State) (C)
- JCS should develop a streamlined procedure for targeting approval to be agreed at the military then political level. (Action: JCS) (S)
- State should propose to NSC Principals a set of public and private conditions for ending air strikes to be further developed with Contact Group allies. (Action: State) (C)

Summary of Conclusions

It was agreed that:

- Agencies should submit to OMB by Friday their funding requirements associated with the current crisis (including humanitarian assistance, economic assistance for front-line states, and military operations) so that OMB can assemble a supplemental request proposal prior to the President's meeting with Congressional leadership next week. (Action: State, DOD, OMB) (U)
- In view of ongoing military operations, the USG should not encourage international and non-governmental organizations to enter Kosovo for relief operations. (Action: All) (U)
- The Humanitarian IWG should determine the pace and scope of the initial movement of refugees to the temporary center at GTMO. (Action: NSC) (U)
- In accordance with the President's direction, the USG should seek to make the conditions at GTMO as "livable" as possible. (Action: All) (U)
- The USG should bring the NATO Secretary General and non-Contact Group members of NATO into the discussion of the diplomatic strategy. (Action: State) (C)
- The USG should respond to the Albanian government's proposal to arm the Kosovar Liberation Army by stating our support for UNSCR 1160 and insisting that the government abide by its provisions. (Action: State) (C)

Summary of Conclusions

It was agreed that:

- The USG should warn President Djukanovic of the possibility of NATO military action against FRY naval forces in Montenegro. (Action: State) (S)
- The Humanitarian IWG should review options for third-party distribution of assistance to people internally displaced in Kosovo, including through Greek non-governmental organizations and the Kosovo Liberation Army. (Action: NSC) (S)
- U.S. international public information (IPI) efforts should highlight views of ethnic Serbs who disagree with Milosevic's policies. U.S. IPI efforts should be publicized domestically. (Action: State, NSC) (S)
- The USG should send a direct message to Milosevic, following the Secretary of State's meeting with the Russian Foreign Minister tomorrow, stressing NATO's determination and conditions for stopping NATO's air operations. This message could be conveyed through the FRY mission to the United Nations in New York. (Action: State) (S)
- The USG should maintain individual contacts with members of the Kosovar Albanian delegation from Rambouillet. These contacts should be used to stress:
 - our engagement and concern for their personal safety;
 - the need for them to stay together, to stay with us and to avoid the Iranians;
 - our continued efforts to find a political solution;
 - our efforts to find ways to assist the internally displaced in Kosovo. (Action: State) (S)
- U.S. outreach to the Kosovar Albanians should be publicized domestically. (Action: State, NSC) (S)

Summary of Conclusions

It was agreed that:

- The USG should use the Strategic Campaign Plan to devote senior-level attention on the military, diplomatic and other means of affecting Milosevic's calculations. The plan should address various audiences (Milosevic; family and cronies; economic elite; VJ/MUP; political opposition; Serb public) and instruments to exploit their vulnerabilities. One objective should be to sow distrust and paranoia in the senior leadership. (Action: NSC) (S)
- As part of the Strategic Campaign Plan, military targeting should include war-supporting facilities that are also a source of hard currency for Milosevic and his family and cronies. (Action: JCS) (S)
- The USG should press the EU to remove Serb television station RTS from the EUTELSAT broadcast satellite. (Action: State) (S)
- The USG should determine ways to provide additional financial support to Montenegro. (Action: State, OMB) (S)

Summary of Conclusions

It was agreed that:

- The USG should consider to what extent IEEPA or other measures can be used to obstruct third-party delivery of oil to the FRY. (Action: Treasury, State) (C)

- | |
|---------------|
| EO 13526 1.4c |
|---------------|

- The USG should demarche the government of Slovenia to shut down the shipment of oil to the FRY via small coastal tankers loading in Slovenia. (Action: State) (C)
- The USG should implement the recommendations contained in the paper on "Kosovar Leadership Strategy." This should include building on PM Majko's concept of a "national security council," sending pre-emptive messages to the Kosovar leadership on our diplomatic intentions, explaining our concept of an international provisional administration and sustaining support for a political outcome similar to Rambouillet and short of independence. Summary of Conclusions

It was agreed that:

- Agencies should provide comments on the UK "roadmap" for Kosovo to the Department of State. (Action: All) (C)
- Elements of a Kosovo UN Security Council Resolution should be discussed with allies in the "quint" but not yet with the Russians. (Action: State) (C)
- Deputies would recommend to Principals that the two Serb POWs in U.S. custody be released in the immediate future in order to encourage a practice of early release and because neither had given meaningful consent to an interview by the UN International Criminal Tribunal for the former Yugoslavia. (Action: NSC) (C)
- Since there was no sign of movement by Milosevic toward NATO's conditions, it would be premature for President Ahtisaari to go to Belgrade. (Action: State) (C)

EO 13526 1.4c

- The Departments of State and Treasury should send a team to Brussels to assist the EU in implementing an effective sanctions regime. (Action: State, Treasury) (C)
- Pressure should be applied to Ukraine, Romania and Bulgaria to cut off oil supplies to the FRY. (Action: State) (C)
- Consideration should be given to:
 - ways of blocking traffic through the locks on the Danube;
 - destruction of oil offloading facilities on the Danube;
 - ways to discourage third countries from shipping oil on the Danube or to FRY ports on the Adriatic. (Action: State, JCS, Treasury) (C)

Summary of Conclusions

It was agreed that:

any figures for a limited number of FRY forces that might be allowed to return to Kosovo under international supervision following the withdrawal of all FRY military, police and paramilitary forces. (Action: State) (S)

- Ambassador Dobbins should discuss UK "roadmap" and draft UN Security Council resolution with "quint" allies. However, the draft resolution should not be discussed with the Russians in the G-8 at this time. (Action: State) (S)

- Detailed planning for an international provisional administration should proceed on the basis of the concept presented to Deputies. This should include:
 - briefing the concept to "quint" allies;
 - identifying key functional tasks where the USG has a comparative advantage;
 - beginning to identify personnel for priority tasks;
 - beginning to plan for advance procedure of equipment and training for personnel;
 - preparing for advance consultations with Congress;
 - considering funding issues;
 - developing a system to augment existing planning cells to boost capacity once a decision is made on the institutions to lead an international provisional administration;
 - identifying other ways to speed deployment.(Action: State) (S)

Summary of Conclusions

It was agreed that:

- The USG should continue to pursue the "hammer and anvil" strategy with Russian envoy Chernomyrdin and Finnish President Ahtisaari as proposed by Deputy Secretary Talbott. It should keep this initiative in the diplomatic forefront in order to forestall unhelpful freelancing by others. (Action: State) (C)
- Deputies should review options for restricting the supply of POL on the Danube. (Action: State) (C)
- The USG should publicize the fact that Belgrade was purposely trying to increase the number of ethnic Albanian casualties associated with NATO air strikes. (Action: State) (C)
- The USG should publicize our expectation that the UN assessment mission to the FRY should concentrate its assessment in Kosovo and have full access to any potential atrocity site. (Action: State) (C)
- Deputies should review the strategic campaign plan for the next thirty days. (Action: NSC) (C)

Summary of Conclusions

It was agreed that:

- An analysis should be conducted of the environmental consequences of striking barges loaded with oil on the Danube. (Action: DOD) (S)
- The USG should consider the feasibility and utility of arranging for any ship that calls at a FRY port, or that belongs to a company that has shipping calling at FRY ports, to be banned from entry into NATO/EU ports. (Action: State) (C)
- The USG should begin to implement the action plan presented for an international police force for Kosovo. This should include presenting the concept to "quint" allies to gain their support and to UN and OSCE planners to encourage parallel planning in the two organizations. (Action: State) (C)
- The USG should press to implement the NATO maritime "visit and search" regime by encouraging Germany to exclude its ships from participation at the outset and encouraging the UK to accept this outcome. (Action: State) (C)

Summary of Conclusions

It was agreed that:

- The Humanitarian IWG should produce a paper on preparing the refugees for winter, to include "winterizing" the camps and expanding host family programs. (Action: NSC) (e)
- The USG should publicize its efforts to "winterize" the refugee camps so as to make clear that the approach of winter does not impose a "deadline" on NATO's efforts. (Action: All) (e)
- Deputy Secretary Talbott should not present to Russian envoy Chernomyrdin the number of Serb security forces that might be allowed to return to Kosovo. (Action: State) (e)
- The NATO allies should be kept informed about the discussions between Deputy Secretary Talbott, Russian envoy Chernomyrdin and Finnish President Ahtisaari. (Action: State) (e)
- The USG should assume, for purposes of planning and consultations with Congress, that the U.S. contribution to an expanded KFOR would remain under 15 percent. (Action: All) (e)

Summary of Conclusions

It was agreed that:

- The USG should allow the USAID-funded civil airdrops to proceed, while ensuring that the pilots are fully briefed on the risk environment and Belgrade's declarations that such flights would constitute a "hostile act." (Action: USAID) (S)
- Planning for the civil airdrops should be widely publicized so as to help deter Belgrade from threatening the aircraft involved. (Action: State) (S)
- The USG should explore possibilities for securing multi-lateral funding for the civilian air drop operations. (Action: State, USAID) (U)
- Subject to confirmation by NSC Principals, the USG should pursue a UN lead for the international provisional administration (IPA) in Kosovo.
- Under this concept, a UN Special Representative would direct the IPA and administer four functional areas overseen by the following organizations: (1) humanitarian support -- UN; (2) governance support (civil administration, international police, provisional judicial administration) -- UN; (3) institutional development (elections, democratization, police training, human rights) -- OSCE; (4) reconstruction -- EU.
- Next steps in implementing the concept entail consulting key allies, confirming support for a UN lead at the upcoming G-8 Foreign Ministers meeting, consulting Congress and engaging UN, OSCE and EU planners on an urgent basis. (Action: State) (S)

Summary of Conclusions

It was agreed that:

- The USG should avoid an outcome in Kosovo that would result in a partial withdrawal of FRY forces from Kosovo.
(Action: All) (✓)
- The USG will urge the French to complete work on the OPLAN for KFOR, assuring them of our intention to seek a UN Security Council resolution on KFOR and recalling that the OPLAN will not be implemented unless NATO authorizes an Activation Order (ACTORD). (Action: State) (✓)
- The USG will seek to modify the UN Security Council resolution drafted by G-7 political directors to:
 - make reference to the military-technical agreement being concluded between COMARRC and FRY authorities;
 - provide an exemption from UN Security Resolution 1160 for arms and related equipment to be provided to the new local Kosovo police;
 - make no reference to duration of the international civil and security presences or, as a fallback, link their termination to a final political settlement or an affirmative decision by the Security Council. (Action: State) (✓)
- The USG will work with UNHCR to initiate an information campaign designed to discourage precipitous returns of refugees to Kosovo so as to facilitate KFOR deployment and ensure that refugees can return safely. (Action: State, USAID) (✓)
- The USG will promote the coordination of planning between NATO military authorities and UNHCR with respect to refugee returns. (Action: State, DOD) (✓)
- The USG will produce an assessment of how many refugees can safely return and be sheltered in Kosovo by this winter.

Summary of Conclusions

It was agreed that:

- Deputies should be provided a paper setting out the timeframe for deploying UN civil police. (Action: NSC) (U)
- The Leaders' Conference on Southeast Europe should be used to give a political impulse to regional cooperation and other efforts that promote integration with Europe, in accordance with the broad objectives of the Stability Pact. Specific attention should be given to political and security issues, and to launching initiatives that could be brought to conclusion at the OSCE Summit in Istanbul. A decision on timing and venue of the leaders' conference should be taken following a site survey in Sarajevo. (Action: NSC, State) (C)
- To the extent possible, discussions on Kosovo's future economic framework should be held within the G-7, rather than the G-8, since Russia (1) is likely to object to the degree of economic autonomy that we desire and (2) is unlikely to contribute significant resources to economic reconstruction. (Action: State, Treasury) (C)
- The USG should encourage the World Bank to dispatch an assessment team to Kosovo, despite the "outer wall" of sanctions on the FRY. (Action: Treasury) (U)
- The initial donors' conference for Kosovo in July should focus on short-term needs, including both humanitarian and initial reconstruction requirements. The USG should encourage the EU and the World Bank to proceed to convene this conference, drawing upon the expertise of the UNHCR and World Bank. (Action: NSC, State, Treasury) (U)
- The USG should limit assistance to Serbia, beyond Kosovo and Montenegro, to humanitarian relief. Any reconstruction assistance should be focused on preventing humanitarian suffering and will need to be evaluated on a case-by-case basis. EU countries should be encouraged to follow the same policy. (Action: State, USAID) (U)

Summary of Conclusions

It was agreed that:

- The USG should actively assist KFOR in helping to ensure demilitarization of the Kosovo Liberation Army (KLA). Consideration should be given to establishing a cooperative process for inspecting suspected cache of unauthorized weapons. (Action: State, DOD, CIA) ~~(S)~~
- The USG should warn the KLA not to attack Russian units in KFOR. (Action: State) ~~(S)~~
- The USG should ensure that UNMIK and KFOR resist attempts by Belgrade to reassert sovereignty in Kosovo at the expense of our objectives. (Action: State, DOD) ~~(S)~~
- Planning for the U.S. contribution at the July 28 Immediate Needs Conference should proceed on the basis of the funding identified by the Humanitarian IWG, with further consideration required concerning the commitment of DOD humanitarian funding from the FY99 supplemental appropriation. (Action: NSC) (U)
- Without setting a precedent for previous or future military operations, DOD will commit funding to the disposal of unexploded ordnance to be carried out under the auspices of the UN. (Action: OSD) (U)
